Employment

- | | | |
|--|----------------|----------------------------|
| <i>Production Graphic Printer</i> | Morris Magnets | April 2024 to Present |
| <ul style="list-style-type: none">- I've printed, color matched, and delivered hundreds of designs for orders from top brands like Disney, Nintendo, Pokémon, Coca-Cola, and many more.- I collaborated across multiple departments to successfully create full color printed and UV printed products, as well as laser etched products.- I co-designed and created digital artwork for products and merchandise for wholesale clients sold across the USA using typography and digital artwork.- Developed and programmed scripting software for our production processes in Adobe Illustrator that's used throughout the entire design and production team. | | |
| <i>Graphic Designer</i> | Freelance | August 2019 to Present |
| <ul style="list-style-type: none">- I've been commissioned for personalized illustrations for clients used for social media, marketing, content creation, and personal use. In this commission process I've effectively communicated with clients getting feedback and adjusting the commission, ensuring a high-quality finished design.- Designed and delivered business marketing designs for clients and their family run businesses. This includes custom business cards, and typography products sold on online markets.- I also performed as a consultant for private personal businesses to advise on technical implementations, branding, artistic vision, as well as marketing plans to expand audiences and improve the quality of their brand. | | |
| <i>Junior Designer</i> | Domain7 | March 2018 to October 2018 |
| <ul style="list-style-type: none">- Animated 2D shorts as part of a behavioral help program project for the Child Development Institute of Canada. Creating 13 shortform interactive animated videos based around decision making.- Animation process included storyboarding, rigging characters, audio engineering, and video editing to ship each phase of the project to the client.- Communicated with clients for feedback obtained through user focus groups. Evaluated and used that feedback to improve quality and deliverables for the project. | | |
